

## On-Site Support Services

Dear MSCS Families,

In accordance with Executive Order 2020-51, beginning Aug. 17, Mingus Springs Charter School will provide on-site support services during normal instructional hours (K-3rd from 8am - 2:30pm, 4th-8th from 8am - 3:45pm). MSCS intends to provide this option to students whose circumstances require educational options beyond those provided by our Distance Learning program. These services are intended to provide support for students in at-risk groups as described in Executive Order 2020-51.

We are committed to ensuring that students **most** in need of alternate daytime arrangements have the first opportunity to benefit from on-site support services. Individual student and family circumstances will be considered when evaluating capacity.

On-site support services will **not** include in-person, face-to-face, and/or live instruction. However, students with disabilities may receive services and support described in their IEP.

Students will need to bring their Chromebook, charger, headphones or earbuds, face covering, water bottle, snacks, and any other school supplies that will be needed for each day.
